

## **PLR PRODUCTS AND AFFILIATE PROGRAMS SUCCESS!**

Hello, this is Webmaster David Harp with my brand new ebook which will explain in full detail How to Make Money on the Internet! If you are frustrated by all of the promises on how to make money on the Internet, but have not yet put together a money making system. Look no further, I know what you want, you want to know exactly what to do to get your Information products out there and on auto-pilot catching gobs of hard cash as it swims through the Internet River!

The Internet Money Making Frenzy launched in my life in November 2004, when I purchased "The 'Insider Secrets' to Marketing your Business on the Internet Part 1 and Part 2" by Corey Rudi. These are 2 huge three ring binders with over 1,000 pages and 2 CDs. But at that time I was still on stuck not knowing how to make money on the Internet!

Then about a year later I got my hands on "Millions at the Kitchen Table" by J R Isaksen. That short ebook opened my eyes to the reality of the lucrative business of Information Products!

Then, I knew how to make money on the Internet but was at a loss as to how to begin!

Even though the book cost almost \$20 I had been given free resale rights. At that time I attempted to set up a website and resale the book. I didn't know much about search engines at the time but I was determined to succeed!

I shared this information with two very good friends of mine. I said this is the way to go! I explained a little bit about the lucrative opportunity in the world of selling Information Products on the Internet.

That was about two years ago.

In the last few months I decided I wanted to start a Master Mind Group. I spoke with these two friends to see if they were interested. We

all agreed to do it. It can be challenging sometimes to get three minds synergizing on the same thing.

Well, as it goes, that seed that was planted two years ago in my two friends has finally come to fruition! One of the Master Mind Group members, Will Jordan (not his real name), he chooses this alias because his real name is hard to pronounce.

He found himself going Balistic on the Internet soaking up all kinds of information while surfing the Internet waves. I don't know how many months he spent doing this.

At the same time, there had been a long break between us, (I had thought that the Master Mind Group had completely dissolved), I tried to find other trusted friends of mine to form a similar group.

Finally, Will Jordan touched base with me and said "I've got something to tell you!"

We finally got together. I, Will Jordan and Troy Johnson his brother. To my amazement

these guys had kept the fire going and were extremely stoked, even more than I thought I was!

Well, what happened was, these guys, Will Jordan especially, was just pouring out information like crazy to me.

I continually paused him to take notes. He and his brother had developed a product called: "100 money making reports."

Shortly after that, they had a bundle of 40 resale rights ebooks that were and still are being sold for \$8.95 on the Internet.

If you want gobs of resources with free resale rights click <http://tinyurl.com/335b7c>

The site is all on auto pilot. The Master Mind Group was making money in their sleep!

Anyway, I brought a notebook with me and I spent days listening to almost everything Will Jordan learned. I asked questions and tried to comprehend as much as I could. The way money is being made on the Internet today is

continually twisting and advancing, at least that's what I think now, as opposed to a year or two ago.

So after I had received all this information, I digested it and regurgitated it and now I see how it all goes together, or at best, most of it.

It's been less than a month and now I'm compelled to write an ebook. One that is different. One that is for the Newbie!

I had the job of reconciling; blogs, article directories, Press Releases, Free PLR ebooks, affiliate links, AdSense, autoresponders, one time offers, rebranding, Squidoo, Joint Venture giveaways, Pay Pal, Pay Loadz, file managers, etc.

I've put together a sure **8 step** system for the "Newbie" that doesn't know what to do **RIGHT NOW!**

Or anybody else for that matter!

**This course takes you step by step, so there is no question of what button to click next!**

This is one of the very best ways to make money online and it's simple. This I would say is a foundation to virtually all other ways to make money on the Internet and there are too many to name here.

**This is one of the very best ways to make money on the internet and it won't cost you a dime!**

**Memorize this system and you will have a valuable skill.**

It took me 3 long weeks to write this book and I will go into precise detail. I've printed it out and I look at it to help myself to follow the steps more smoothly and quickly, as I put my other digital products together.

"Dave, you're telling me that if I download your free **Start-Finish Making Money on the Internet Mini-Course**, It won't cost me a dime to make this money?"

"Friend, that's right! I send you to the free links and sites to get this thing launched; there is nothing you have to buy!"

"Dave, how do you benefit by giving away this valuable information to me?"

"I'm glad you asked! I benefit by getting more traffic to my sites when you take advantage of the Viral Marketing traffic generator, which can literally drive a million

visitors to your site!! And any backend products you decide to purchase.

I just want to be known for providing the freshest, cutting edge material available!

Just follow each step as I hold your hand while we navigate the sites together, to get your Internet business going and you making money! I am going through each step in full detail so that I don't leave any important element out. All you then will need to do is duplicate the exact same steps over and over to make a Fortune in no time!!

Let's Go!

# STEP 1

**[GET YOUR FREE PLR PRODUCT FREE](#)**

This is going to be your Information product that you will promote. An Information product is a product that can be downloaded and uploaded electronically when it is in digital form. This can be ebooks, software and any other multimedia. Now we are working on getting you a free PLR ebook to sell or give away with your affiliate and site links weaved inside.

Copy this site address, <http://tinyurl.com/2hzety> into your web browser and click go. Read through all of your Awesome Membership Benefits and then sign up. Now this is where you will get your free PLR products where you can alter them and put your name on them, put your affiliate links in them and alter or change them to meet your specific criteria.

**Enter your first name and email address in the form below to lock in your membership.** Log into your **Affiliate Program and Your Private Members Area!** Click on Downloads to bring up the page to get your free items. Click here. Now you're in **The Free Members Download Area.**

After clicking the Icon, the next page uploads. We will have to download WINZIP to open the products, thus click on here. Select the download tab. Click Free downloads. Click trial pay. Now fill out the form. And follow the rest of the instructions.

Skim through the download choices and choose one download that you like. Click save and add it to your desktop. Now I will give you the exact order to Unzip your PLR pack and create it into a folder on your desktop that will make it available to use. Okay the PLR Pak is on your desktop, thus close out your web browser.

- Click on the PLR Pak icon.
- Click to download.
- Click Save on file download pop up.
- Click Save to your desktop.
- Open folder.
- Close web browser screen.
- Dbl. click PLR Pak that's on your desktop.
- Click Extract to icon.
- Click OK.
- Click Add icon.

- Select PLR Pak.
- Click OK.
- Click OK again.
- Click SFX icon.

Finally open your PLR Pak folder which has everything you need to create your own Information product. This is your product, which you can sell, give away, and alter in any way. But in our case, and for this best way to make money on the Internet, we are going to give it away free with our link to our income source. More about that later!

**Now you're ready for step 2!**

## **STEP 2**

**[GET YOUR FREE AFFILIATE PRODUCT LINKS](#)**

That was effortless, wasn't it? I know it can be terribly overwhelming out there being bombarded with so much information. And then trying to figure out how it all goes together. That's what motivated me to write this book. If I could just show you one of the very best ways to make money on the Internet, something you could do over and over, you would have memorized and learned a valuable skill that you could take anywhere!

Copy this site address, <http://tinyurl.com/slse5> into your web browser and click go. Click on Sign Up and then **Select a nickname for your new account!** After submitting, check your email to get your ClickBank password, then click on My Account and log in. then click on Marketplace and in the box select Internet or Marketing, and on the right ,click sort scroll down and select \$/sale. Press go and when your affiliate list appears select one you like and view the sales letter and after that close the sales page and click create hoplink. In the next box copy and paste your affiliate link on a Microsoft Word document on your desktop,

this is your income source. You will weave in this link in your PLR free ebook that you will give away, so when viewers see it in your ebook that you will give away for free to get it out into the Internet market place and click on your link and read the sales page and buy the product, you will get up to 75% commission or less, depending on the payout agreement of the particular affiliate program that you chose.

I hope you have enjoyed everything so far and after you have mastered this system, you will think of new ways to generate Cash and be able to understand other online money making strategies. Now you're ready to set up your free website page where you will drive traffic to make your ebook available for download, which has your affiliate link inside and that you will give away for free!!

## **STEP 3**

**"Discover How YOU, Too Can Have Your Very Own Instant Collection Of BRAND NEW, Smoking Hot Products, And Make Handsome Profits Selling These Products As Your Own"**

**D**ear Professional Marketer,

Many leading Internet Marketers are often lauding the importance of having your own product if you want to succeed **BIG** time... and earn **BIG** bucks.

One of the beauties of having your own Product is that you can earn your sales instantly rather than wait for someone else to pay you your affiliate checks, and *only a paltry percentage* on top of that.

Which is perfect, of course, since you can also brand yourself in the process.

I've also come to know of marketers who publish their work offline, too, simply by converting their E-Books into hard copy paperbacks - exploding their income further.

**"But There's A Problem..."**

... and it's called **product development** or **product creation**.

But believe me: selling your own Info Product is **too lucrative to be passed on** just because of this barrier.

So let's evaluate your **BEST** option possible:

### **Solution #1: Write Your Own E-Book(s)/Software**

Often times, creating your own Info Product demands a **lot** of writing skill, expertise, niche marketing research, and **incredible** knowledge on your part.

And if you don't have any flair or time for writing or you absolutely hate it, you will do well to leave this option out.

### **Solution #2: Hire A Ghostwriter/Programmer**

Some call this the "secret weapon" of gurus. Engaging ghostwriters/programmers can be one of your best choices... only if you can afford it.

And if you don't have at least a few hundred dollars to trust someone else to do the writing/Creating for you, you will have to leave this option out, too.

### **Solution #3: Purchase Products With Resell Rights**

This can be a good and fast way to have instant products to resell and pocket **100%** of the profits. The downside, however, is that **you don't own the product.**

In other words, you can only do so much with the product as the ultimate copyright holder is the product author.
