Form Part 2

As mentioned in the picture you want categories that have keywords that are getting traffic. You can find that out by going to the [Google Keyword Tool](#) and doing some searches for keywords for your business. You will be able to see if people are searching for that keyword.

<https://adwords.google.com/select/KeywordToolExternal>

Start checking your businesses keywords for traffic volume.

Use the keywords that have good monthly search volume for 4 of the Categories.

Category: *

Which categories (up to 5) best describe your business?
Ex: Dentist, Wedding Photographer, Thai Restaurant
[Add another category](#)

Categories are important because that is where you want to use keywords that have traffic for your business. You can have up to 5 and one must be chosen from Google's suggestion. The other 4 can be created by you.

Service Areas and Location Settings

Does your business provide services, such as delivery or home repair, to locations in a certain area?

- No, all customers come to the business location
 Yes, this business serves customers at their locations

Decide if you want to use these sections and set them up.

A search for my listing.

For people to find you by categories or keywords, it will take a while for the listing to get settled into Google, but it will happen.

The screenshot shows a Google search for "Big Value Depot, Belen, NM". The search bar contains the text "Big Value Depot, Belen, NM" and the search button is labeled "Search". Below the search bar, it says "About 31,400 results (0.48 seconds)".

On the left side, there are navigation options: "Everything", "Images", "Videos", and "More". Below these, it shows the location "Albuquerque, NM" and a "Change location" button. Under "All results", there are options for "Timeline" and "More search tools".

The main content area features a map of Belen, NM, with a red pin marking the location of Big Value Depot. To the right of the map, the business details are listed: "Big Value Depot", "1 Salado Ave, Belen, NM 87002", "(505) 861-1045", "Open Mon-Sat 9am-5pm", and a "Write a review" link. A "Place page" link is also present.

Below the map and business details, there are search results. The first result is "belengeneralstore By BigValueDepot.com" with a star icon, dated "Jul 24, 2010". The second result is "dealsoftheday By BigValueDepot.com" with a star icon, dated "Item location: Belen, NM, US. History: 0 bids. High bidder: ...".

On the right side of the search results, there are two text boxes: "Here is what my listing looks like for the above search." and "I will click on Place page to show the actual listing."

Here is the Listing. You can click on the Owner-verified link to get back to the places dashboard so that you can edit your listing.

What's a Bing Local listing?

Bing Local lets users find businesses near them, or near where they want to go. Because listings are returned in search results, businesses don't have to search for new customers—the customers have already found them.

Why list your business on Bing Local?

- **It's free**
It's like free advertising! The more information you provide, the easier it is for customers to find you.
- **It's fast**
Improve or update your listing anytime to suit your needs. There's no schedule or hassle.
- **Reach your customers**
Customers are already searching for what you provide. What better time to reach them?
- **List all of your locations**
Expanding your business? Congratulations! Our listings can accommodate all of your locations.
- **You control your data**
Our verification process helps protect your listing against unauthorized changes.

Unless you've been on sabbatical for the last 10 months (with no Internet), you already know how HOT autoblogging is. It's the ultimate lifestyle business -- free traffic, 100% automated, no cranky customers to worry about. Sure. It sounds great and all. But sadly, there's a lot of stale, outdated, misleading information out there today. I purchased the product myself and have started creating my blog network. This is not a get rich quick program. It is a long term business model that works. You will get updates as they upgrade the programs and you will not have to pay for those upgrades. So, if you want a business that is going to last then learn how to do Autoblogging.

What is this tool?

[Synnd™](#) has been around for a while (over 2 years) and we are now opening to new members. **Synnd™** is both a community consisting of hundreds of existing members and software which automates promotional tasks known as “campaigns” for each member.

[Synnd™](#) is a tool that coordinates hundreds of members (in concert) on a single member's (your) campaign. It is the EQUIVALENT of having hundreds of people promoting your content across the social web, article directories and the search engines so you don't have to.

[me2everyone](#) - A Whole New World Owned By You

We are creating something different here: something special! When me2everyone profits - every single member profits! me2everyone is developing into an "organic" social network whose very future is shaped by its members. It's free forever and will become more than a place where you simply look chat to friends. Real business will be done here and all our members can be involved in the decision making process. You will soon see the 3D version that will be amazing.

[Big Value Depot](#)

There is new alternative to auction/listing sites called Big Value Depot. They have been working very hard to make it the premier auction/listing site on the Internet. You can purchase a webstore within BVD in order to sell your items. By purchasing a webstore you will save money each month if you have a lot of items to sell. Coming soon will be an Ad submission service that will post your item to 900+ Sites.

The Secret Killer

Toxic pollutants are present in the air we breathe, the water we drink and the food we eat. Chemicals are also found in the environment where we live, work and play. Our bodies use inflammation as a natural defense against these types of stressors in addition to emotional, mental and physical stress. However, chronic inflammation can cause poor health that lead to serious diseases.
