Preface

Have You Ever Given To The Lord?

When a person asks himself: *have I ever given to the Lord?* It is a question that many people will answer by saying that they either paid tithe or have given some money to their local church. When a person asks: *how can I give to the Lord according to His will?* That person has begun to understand what giving is. If he is obedient in giving, he will learn how to give to the

Lord and in other areas of his life. When you have given in obedience to the Lord, you will be rewarded. When you are in the Lord's will, you are already giving to the Lord. As I write, I am giving knowledge which the Lord has given to me. It is a giving person that will eventually find God. A person who does not give is dead. A dead person is not able to continue living among the living, he has not been obedient to the Lord. If a person decides to become dead, he has a curse of deafness and dumbness as a result of his disobedience to the Lord. When I give, I do not expect to get what I have given back, I expect to get more than what I gave. If you have been giving and not receiving, then you are not giving in the Lord's will.

I once was giving in a church which could not give what I was giving. I was an all-rounder in the church. I would participate in all the activities of the church and was giving my tithe as often as I could. When I left the church, it became indebted to me. I had given in accordance to the Lord's will and the church had received everything that I gave. How is a person

supposed to give in a church? If you are giving in the Lord's will, that church will become indebted if you are not receiving from the Lord. It is the responsibility of the leadership of that church to ensure that they thank the Lord for your giving so that you can in turn receive from the Lord. *What happens when the leadership of the church does not thank the Lord for your giving?* If the leadership of the church does not thank the Lord for your giving, they are cursed to become deaf and dumb in the Lord's presence.

When a church receives, it is also receiving peoples' curses. It must give in order for it to stay alive. *Why doesn't the Lord equate the teaching and preaching we receive from a church as giving?* When you go and attend church services and the pastor or minister teaches, he is giving to the people. The people always give thanks to the Lord for that minister or pastor's ministering unto them. When the pastor or minister receives from the people, he often does not thank the Lord for what he has received. Most of the ministers in the church are ungrateful for what they receive from the people, they are always expectant

of more. If a minister is not giving, he is not able to receive from the Lord. If he gives, he will receive from the Lord. I have been giving to the people that I live with until the Lord told me to stop giving; Why? They are already indebted to me for their ingratitude to the Lord. If I continue giving, they will lack later in life. If you are asking: *how are such people supposed to give?* It is something that this book will teach you if you are willing to learn.

Chapter **One**

How Can A Person Give To The Lord?

When people give, they usually expect that their giving will have an impact in the place they have given. If a person gives to a church, he will usually expect that that church will use his giving to also give according to the Lord's will. If that church is growing in the minister's direction, it is not bad but it also must grow in the direction of the church members.

A person who has given and has received from the Lord for his giving, is the one that will give thanks to the Lord. If there are people who are giving not receiving, they are the ones who will grumble against that church the most. A person who has never given, will not receive. If people give according to the Lord's will, they will receive exponentially. A person that does not give is a dead person.

When a person is dead, that person will eventually be cut off from the Lord. If you have not been giving, start by learning how to give according to the Lord's will. *How does a person give according to the Lord's will?* If you are in the Lord's will, you will be told by the Holy Spirit on how and where to give. I have been giving to the world by writing books that people read and give thanks to the Lord for. If I stop giving, I will receive less and less until I am not able to live. If I continue giving, I will receive more and more until I am living on the Lord's abundance. *How are we supposed to give?* If you have been giving your tithe and calling it giving, know that you are sinning against the Lord. By giving your tithe to your local church, know that

you are giving to the enemy and expect a reward from him. *Why is giving tithe not giving to the Lord?* When you give and expect the Lord to bless, that giving is not rooted in love. The Lord does not require your giving in order for Him to bless you! If you have been thinking that the Lord will not bless you because you have not given your tithe, know that by not giving your tithe, you are doing the Lord's will. *What happens if you stop giving your tithe?* There are some people who are always giving their tithe but are not receiving from the Lord. If you still give your tithe even when you are in debt, lack, and need know that you are under a curse. There are other people that would rather obey the law than do the Lord's will for fear of what they may encounter along the way. For such people, I will tell them that the Lord does not like cowards! They are not able to have faith.

There is nothing in the kingdom of God that does not require faith. If you say: "let me first see the benefits of not paying my tithe to my local church before I can stop paying it". You are doubtful and will not stop. If you obey and stop paying your tithe under

the law, you are going to be blessed by the Lord. I have not paid a tithe in over 10 years and yet I have earned much more without paying tithe than when I was paying it.

When a person is a giver, he will receive rewards for his giving. If you are giving and are not receiving anything for your giving, you are under a curse. The curse that was upon the Israelites as a result of their giving tithes was from God. They were cursed to tithe to a god that they considered God. That god is called tithe. He is the one that demands a tenth of all income. If you do not give to that god, you will be cursed by him if you are under the law. He requires worship from his subjects as a result of his giving. *Who are the subjects of this god?* He is God to all the people that are still under the law. If you make tithe your God, he will require that you do not break the law. If you break it, you have sinned against him and he can curse. If you receive from him and stop paying your tithe as an act of worship to him, he will curse your income. *How does this god, tithe curse?* He is always oppressing the income of the people that have rejected him.

If you decide to stop paying your tithes, you cannot start again. Why? Because if you are going to go against this god, you have to make a decision once. If you think that you are able to test this god, you will lose everything that you have worked for. When you decide to leave the enemy and later want to come back to him, he will not trust you. He will curse you for going to the opposite camp. *How can I avoid being cursed by this god?* You have to decide to follow the Lord to be able to be protected from curses from this god. If you are following the Lord and yet still have curses, it means that you were disobedient to the Lord. *Why is the Lord calling me disobedient to Him yet I have stopped paying tithe?* If you stopped paying tithe recently, you still have curses that were from God as a result of paying tithe. The Lord curses everyone who pays tithe to a god as an act of worship. These curses cannot leave on their own. You have to cooperate with the Holy Spirit who will lead you to repent for having paid tithe under the law.

When a person repents for having paid tithe to a cursed god, that god is supposed to give back

all the tithe that you paid to him while you were worshipping him. He has been made a debtor to a man by the Lord. He will have to pay back income that he received. If you are asking: *how will he pay it back?* Know that he has to pay for him to remain as a god. God does not lie. If a cursed god should act like God, he will also not lie or else, he will no longer have that status of a god.

When a person gives, he has to receive in a good measure. If you have been giving and not receiving in a good measure, it means that your giving has been cursed by the Lord. *Why has the Lord cursed your giving?* If you have been giving outside the Lord's will, your giving will be cursed so that you may stop giving outside the Lord's will. If you continue giving outside the Lord's will you will acquire more curses as a result of your disobedience. *What are some of the curses that are acquired because of this sin?* A person that gives outside the Lord's will is cursed to lack in everything. If you are wealthy, you will lack in other areas of your life like: health, love, peace and joy.

People who think that a rich person is not able to

lack have no knowledge of God. Rich people are the poorest when it comes to giving. If you thought that they give, know that it is the contrary. When a person is rich, they will oppress the poor even more. If you wait to judge what such a person's giving is in the church, you are lacking in wisdom. If he is a leader in any field that God has blessed him in, he ought to give to the people under his leadership more than to the people who are in his church. I once worked for a rich man and realised that he was often cheating taxes to make his business grow. He was paying some of his workers less than a living wage and was extremely strict with them. Such a person has been cursed by the Lord and is not able to come out of debt. When you ask: *can a billionaire become poor?* Know that all billionaires who are not giving in the Lord's will are poor. They may not lack financially but they are lacking in all other areas of their lives. When you say: *isn't it better to lack in other areas of life rather than in finances?* If you are carnal, you will think that lack is only attributed to how much you have in your bank account.

People who are cursed lack everything which they are cursed to lack. If you have a curse of giving to cursed gods, you will lack health. Everyone who has ailments which are not curable has been involved in giving to cursed gods. *Apart from giving to tithe, what other cursed gods do people give to?* There are other cursed gods which people give to either knowingly or without knowledge. When you give to a cursed god knowingly, you acquire a curse which is different from a person who gave to a cursed god unknowingly! A person who has given to a cursed god knowingly will not have a curse of incurable ailments but will rather acquire a curse of death. This sin is what the Lord calls *necromancy*.

A person who practises necromancy is cursed above all other types of people who sin against the Lord. If you thought that a murderer is the worst sinner, think again; yes he has greatly sinned against the Lord but he has not contacted the dead. Dead people are the ones that contact their own. A person who has given to the dead is going to share in the curse of the dead. *What is the curse which the dead are under?* They

are cursed to be deaf and dumb to the Lord. They are in a place where they cannot receive from God. The Lord communicates with them through signs and occurrences. If you have been wondering: *why are people interested signs which are in the heavens and the sky?* Know that it is the way the Lord communicates with the dead. *How do people give to the dead?* If you have been involved in any form of necromancy, know that you have been tricked to give to the dead. The enemy will usually not tell you to give to him directly. It may be a small gesture of appreciation like offering some money to a medium. *How did the dead acquire their status?* The dead are categorised as: the dead that are in the heavens above, the dead that are on the earth and the dead that are in the world under the waters.

The dead who are in the heavens above are called *ancestors* or *evil spirits*. When they were on earth, they did the Lord's will but did not fully obey the Lord's commands. They did not make it to heaven to be with the Lord and the Lord has kept them in a heaven that is not His abode. When people ask: *how can there*

be a heaven which is not the Lord's abode? They should know that even the earth was once a heaven and the Lord once lived on earth. If there is a curse upon a place, it can no longer contain the holiness of God; Such a place is cursed for eternity. It is the reason why there are numerous heavens.

When the earth was cursed by the Lord, it had *pre-adamic* people. They had lived on earth for over one billion years. Their earth was destroyed by the Lord in a similar way as the flood that destroyed people who were disobedient to the Lord at the time of Noah. They did not do the Lord's will and sinned against the Lord. *How did they sin against the Lord?* They were corrupted by Lucifer and his angels who were thrown out of heaven. Their sin was sexual in nature and the Lord has not permitted me to mention it in this book. When their curses reached a full measure, the Lord destroyed the earth at once and they perished. If a person asks: *how are these pre-adamic people different from the people who are living on earth now?* The people who were on earth in that pre-adamic age were almost like the angels. The only difference from the

angels is that they had bodies. Their bodies were almost like the ones of the apes that are living today.

The second category of dead people are on the earth. They are called *unclean spirits* or *demons*. Unlike the first category of dead people in the heavens above who did the Lord's will but did not fully obey the Lord, this category of dead people did not do the Lord's will at all while they lived on earth. They are cursed spirits which do not have bodies and will endeavour to enter a person's or animal's body to live and vex.

The third category of dead people are in the hell. They are the ones who are called *marine* or *wicked spirits*. These people unlike the second category of dead people, lived their lives in total rejection of the Lord whilst on earth until the Lord condemned them. They are now the '*foot soldiers*' in the kingdom of darkness and vex people with much more vigour than any other category of dead people.

Giving in the Lord's Will

Chapter **Two**

How Can A Person Give To The Lord According To His Will?

If a person has been giving to the Lord according to His will, that person will receive from the Lord in a good and pressed measure. If that person is not receiving from the Lord, he has a curse upon his life. *What curse does such a person have upon his life?* It

depends on what sin he or his forefathers practised that grieved the Lord. If he or his forefathers were practising a sin of worshipping false gods, he will receive from the Lord but what he receives will be stolen by the enemy. If he does not repent of his sin or the sin of his forefathers, he will be unable to benefit from what the Lord has given to him.

When a person gives, he is also expected to receive a reward as a result of giving according to the Lord's will. *How will a person know how to give according to the Lord's will?* That person will have to give in accordance to the guidance of the Holy Spirit. If that person has not yet abided in obedience to the Holy Spirit, he need not give. The giving which such a person will practise will not have any reward attached to it. *How can a person know when the Holy Spirit requires him to give?* If you have been able to abide in obedience to the Holy Spirit, you will not find it difficult to give. I was told by the Holy Spirit to give my children Him. When the Lord told me that, I did not understand. I received understanding as to why He told me to hand over my children to him when I went into isolation with

the Lord. If you have been told by the Lord to give to Him, it is usually because the Lord has a plan that you know not of. Had I refused to give the Lord my children, I would not have been given the gifts which I now have from the Lord. *How does the Lord expect you to give to Him?* If you are abiding in obedience to the Lord, it is inevitable for you not to give. At that point you have a good relationship with the Lord.

When you have a relationship with the Lord that is not rooted in love, you will find it difficult to obey some of His commands. If Abraham did not love God, he would have doubted God and would have refused to take Isaac with him for the sacrifice. He was tested by God and he passed that test. Had it been that he was a carnal man, he would have failed that test. Tests are one of the ways that God uses to identify who is able to love Him and who wants to love Him for what He has. If Abraham did not love God, he would have rather kept back his son. If Abraham had not given up Isaac, he would have lost him. Has God ever tested you? If you have no idea whether you have been tested by God or

not, then you are not yet a disciple of the Lord. God is not going to test a person who has not yet been in obedience to the Lord. If you think that you are able to love God and yet cannot abide in obedience to the Lord, you have not yet found God. When the Lord tells you to obey the simplest of His commands and you call it foolishness, then you will not be able to find God. Some people think that their holiness is what qualifies them to be in the Lord's presence. These people have been deceived by religion.

Religion is not a way that a person can be able to find God. If you are a religious person, you are under a curse of the law. People who find God are people whom the Lord has tested. *What is the difference between a test which is from the Lord and a test that is from God?* A person who has been tested by the Lord, is a person who is on his journey to finding God. If you have found God, He will also test your love for Him. A person who has been tested by God will have a future in His will. If you have been called by the Lord, you have been tested by the Lord already. At the time the Lord calls a person, he is usually in a place that is

antagonistic to the Lord's will. If you are in the Lord's will, the Lord will direct you to Him. If you are outside the Lord's will, He will call you to Him. *Does it mean that there are people who are never called but that are doing the Lord's will?* Yes, there are people who are already in the Lord's will and need not be called by the Lord. It does not mean that when the Lord calls you, you were involved in sinning against Him. It rather means that when the Lord calls you, you are not in His will. The Lord can even call church ministers who are teaching and preaching on a continuous basis. If you have heeded to the Lord's call, He will then embark on a series of tests to ensure that you are able to stand the call.

I was called by the Lord 8 years ago. I wondered why the Lord had given me gifts that were of the prophetic. At that time, I had set out to become a businessman. I always thought about owning a business as a way to freedom. I read books concerning people who had set up businesses and run them successfully. I also looked for books that had famous entrepreneurs. That was my biggest desire. When I failed, I went

and asked the Lord for help and He spoke back to me! I was overcome with amazement that the Lord could speak back to me! If I was a businessman, I would have been doing the enemy's will. If I was not a prophet, I would not be able to live for long. The Lord had cursed everything that I had set out to do outside His will. *Are all businessmen cursed by the Lord?* No, I was not supposed to be a businessman because it was not what the Lord willed for me. If there are people whom the Lord has destined to be businessmen, the Lord will bless them to become businessmen. I had a greater calling and the Lord did not want me to engage in business. If you are asking: *how can a businessman keep his business and serve God at the same time?* The answer is that it is impossible! If you are a businessman and the Lord calls you, it means you have to stop doing that business. If you continue, you will acquire curses from the Lord.

When a person is called, that person has to start on a journey of acquiring gifts that are from the Spirit so that he can be able to do the Lord's will. If he is distracted by activities that are not in the Lord's will,

he will not be able to stand firm in the Lord's will. When a person is in the Lord's will, he is a target for the enemy to tempt. If you are not in the Lord's will, you are already able to be tempted by the enemy without you being able to become an overcomer. A person that is caught up in doing the enemy's will cannot stand temptation. He may delay temptation but will eventually succumb to the enemy's traps.

Giving in the Lord's Will

Chapter **Three**

How Can A Person Give His All To The Lord?

A person who has been in the Lord's will for long will eventually not hold back anything from God. If you are asking: *why does the Lord require a person to give what he has received from God?* If you have been gifted by God, you are able to use such a gift for the glory of the enemy. If a person has a gift of children,

they can be used by the enemy for his purposes. Those children can be used to oppress a person who loves the Lord so that he may have no peace. If you give those children to the Lord, the enemy will not be able to use them to oppress you. *How might the enemy use children to oppress a person who loves the Lord?* I have been to a place where the children were always sickly. Whatever surplus money their parents received, they spent on paying hospital bills for the children. The children were always sick at the time they had some money. When they did not have money, the children were not sick. Such children are a tool for the enemy to use against their parents.

If you have been told by the Lord to give your all, it means that the Lord is not going to ask you for what you have one by one. He wants to own everything you have. I have asked the Lord: *what else do I have that is mine?* I do not own anything at all. I gave all that I am to the Lord. If you are thinking: *what do I still own?* I own a lot of wealth that I cannot be able to quantify. A time will come when the Lord will ask for your all. When the Lord asks for your all, it does

not mean that you will become a pauper, rather, it means that you are being protected from the traps which the enemy has laid for you. If you are carnal, you may think that the Lord has decided to deny you what you own.

One day I was driving my car, I stopped to ask for directions to a business that was near a church. A lady offered to direct me to the business premises since she was on her way a nearby church. I asked her to enter the car so that I could drive her to the church that she was going to. When she entered my car, I was being followed by a garbage truck that had lost control on the slope, people on the road were shouting to other road users to get off the road, the truck driver had decided to use my car as breaks without my suspicion .Fortunately, the lady in my car directed me to take a left turn. Immediately I took the turn, the garbage truck swayed back into the road and missed us. I wondered what if I had not taken a left turn at that particular time? We would not have survived that accident. I was later told by the Lord to stop driving that car until its curses were non-

existent. *How do curses leave an item like a car?* If you have an item that was previously owned by a cursed person, that item is cursed. In my case, I purchased my vehicle used from Japan and did not know who the previous owner was. The Lord revealed to me that the previous owner was a *condemned man*.

A condemned man is a person who is unable to either pray or communicate with God. The only prayer that such a person can pray and get an answer is a prayer of repentance. If I had not stopped using that car, I would have been a victim of marine spirits that inhabited the car because of its previous owner. The car was parked for over two and a half years so that the marine spirits which inhabited the vehicle could leave as a result of redundancy. They are now unable to torment me if the car is not being used. When they finally left the vehicle, the Lord told me to use it. Had it been that I had not been able to give that vehicle to the Lord, He would not have told me to stop using it. If I had continued using it, I would have given the enemy a tool for him to use to destroy my life.

If you have never given the Lord your all, you will not

know how much freedom comes with being free from cursed items. I was told by the Lord to burn cursed items that inhabited wicked spirits. At that time, I did not fully understand why the Lord was asking me to burn items that included: furniture, beddings, clothes, and other household items. If you were the one that the Lord told to do likewise, would it seem like foolishness to you? I burnt items that I needed. This is what giving your all to the Lord will may lead you to. *Can a person pray and bless items he suspects are cursed?* It is not possible for cursed items to be blessed even if you pray for them. Some of these cursed items are from hell. *What do you mean when you say that there are items from hell?* If a person buys an item from a condemned place, that item will be cursed. For instance, If you go and buy a mirror from a condemned place, it will be used by the enemy to distract you by the cursed spirits which will use it as a portal into hell. *How do marine spirits use mirrors?* Mirrors are used in divination. If your home mirror was bought from a cursed or condemned place, go and break it immediately.

One evening, the Lord told me to break my home mirror, I did not hesitate. The Lord later revealed to me that that mirror was being used by ancestors to communicate to the people in my household. If I had not given all that I had to the Lord, I would still have that mirror in my home today. Some of the people that were able to communicate with the ancestors were only able to communicate from the washroom where that particular mirror was! I had purchased it from a large downtown mall. I burned everything which I purchased from that mall.

When a person is in the Lord's will, he will be able to know how and when to give. A person that is not in the Lord's will is not able to know how to give to the Lord. Giving to the Lord does not require a person to only give material possessions. If you have only been giving money to your local church and calling it godly giving, know that it is not. A giver has to receive what he has given from the Giver; who is the Lord. When a person gives what he has not received from the Lord, he has sinned against the Lord. He has mixed a curse with a blessing. A curse is upon a

giver who has given to the Lord what he has received from the enemy. *How will I know if what I am giving is from the enemy?* As I mentioned earlier, not every giving is in material possession. If you have a gift from the enemy, you cannot use that gift to worship the Lord. If you do, you will acquire a curse from the Lord and from the enemy as well.

A person who has gifts from the enemy is not supposed to use those gifts to bless God and otherwise. If you use a gift which you received from the enemy to bless God, you will acquire cursed items using that gift. When I was a graphic designer, all the items that I acquired with that gift were cursed by God. The enemy is not going to give a person gifts which are his, he will steal them from another person. If you have a gift which is from the enemy, know that you are in possession of a gift that was meant for someone else. When you give to the Lord all that you have, the Lord will be able to tell you which gift is from God and which one is not. If you have gifts that are from the enemy, you must relinquish those gifts to the Lord. A gift which has

not been relinquished to the Lord is a tool for the enemy to use against you. I was told to relinquish my gift of being a designer to the Lord. He then told me not to earn from being a designer. At that time, I did not know why the Lord told me to stop earning as a designer. All I knew is that I had to obey. Had I not obeyed, I would not have received the gifts that God has given to me today. I have the gifts of: *writing, cooking, oratory, administration* and *wealth*. A person who has gifts like the ones God has given to me is not able to stay in the enemy's will. The Lord will not let you do the enemy's will.

If you are in a position where you want to know if you have gifts which are from the enemy, you need the Lord to guide you on how to identify gifts which are from Him and those that are from the enemy. A gift which is from the Lord, is able to bring you wealth as you use it. If you have a gift which is from the enemy, you will lose wealth as you use it. If I was not able to stop being a designer, I would have earned much and gained less as I earned more. The opposite applies for a gift which is from the Lord. A person

with a gift from the Lord will not need to work as hard as I worked. He will only need to give thanks to God for the gift that God gave to him. When I relinquished the gift of design, I was given a gift of prophecy at a greater level than before. If you thought that because you have some gifts, you cannot have those gifts at another level, you are lacking in knowledge.

If you abide in obedience to the Lord, you will be rewarded with gifts which are from the Lord and gifts which are from God. *Have you ever known the difference between gifts which are from the Lord and gifts that are from God?* I have gifts which are from both the Lord and God. The gifts which are from God are those that He gives at birth. If you are a homemaker, you have a gift of a home. Another person may have the gift of wealth and yet another person may have the gift of peace, joy and love. Such gifts are from God and are natural. I also have gifts of cooking, wealth, humility, home, peace and joy from God. I also have the gifts of: *prophecy, the word of knowledge, the word of wisdom, revelation, diverse kinds of tongues, faith, oratory, understanding, interpretation, discernment of diverse kinds*

of spirits, working of miracles, and healing. You are not able to choose the gifts which God gives to you. However, on the other hand, you may choose the gifts which the Lord can give to you depending on your faith. If you are of little faith, the Lord will not give you most of the gifts of the Spirit. If you have much faith, the Lord will give you more gifts of the Spirit.

Chapter **Four**

How Can A Person Give His All To God?

If you have stayed in the Lord's presence for long, He will lead you to God. When the Lord leads you to God, you have found hope. A person who has found hope is able to stay in God's presence for a longer time than a person who just started his journey with the Lord. When God is asked for anything, He is love, He will give. When He gives, He does not hold anything back from the person that He has given

to. *Have you ever been given a gift by God?* I have been given a gift of cooking by God. When I decide to cook, I cook with God's instructions. If I cook without listening to God's instructions, I do not enjoy the cooking. I also have a gift of oratory from God. When I speak, I listen to God speak through me. If I do not listen to God speak through me as I am speaking, I cannot continue. If I am in a congregation, I do not need to depend on my natural abilities to speak, God will enable me speak eloquently without much effort! If I am in a place where I am alone, I do not struggle to listen to God speak. He will speak to me as clearly as a man would speak to me. He has even taught me pronunciations of some words. When a person has found God, he has found all that there is to find.

If you have not yet found God, start on your obedience to the Lord so that He can lead you to God. A person who has been able to find God will have to give to God. *How will a person give to God?* If you have been blessed by God, you will have to start worshipping God on a continuous basis. When you worship God, you will start witnessing the power of

the Holy Ghost in your life. If you are asking: *how can I start worshipping God?* Know that for you to be able to worship God, the worship has to originate from Him. You cannot worship without receiving the songs for worship from God.

When you decide to worship God, he will in turn give you all that He is. When you decide to continue worshipping God as a lifestyle, you will be given everything that you need in this life and will not lack. If you lack, then you are not a worshipper of God. Worshippers of God are not supposed to lack. When you are in God's presence, He will teach you how to worship Him. You cannot worship God without His guidance. If you think however, that worship involves only singing, you are deceived. Singing is a part of worship but it is not all! A worshipper of God has to start thinking like God. If God is grieved, a worshipper of God will equally be grieved. If God is full of joy, a worshipper of God will be joyful. A person who does not think like God is not able to worship God in spirit and in truth. People who are called to be worshippers of God are selected by God. A man cannot decide who

a worshipper of God is. When a person has been selected to become a worshipper of God, he starts living as though he is in heaven. It means that he is a person that is full of faith, a giver, and constantly in the presence of God. When a person is a worshipper of God, he is in the office of the *Bishop*.

A bishop is a person who has been in the Lord's presence for long and in God's presence for a longer time than a man of God. A bishop is not a person who is able to stay in a cursed place for long. When a bishop is in a place, it is surrounded by the angels of God. A bishop is also a person who has the power of the Holy Ghost in and upon him. If a bishop is a worshipper of God, he will have the power of the Holy Ghost upon him at a greater measure all the time. If a bishop is in a place of worship, that place is going to be blessed by God. A person who is in a place that has a bishop will be blessed by God if he is in God's will. If that person is not in the God's will, he will be cursed by the Lord. *Does it mean that people should avoid bishops so that they do not acquire curses?* If that person is a cursed person, he will acquire

more curses as a result of being in a place where a bishop is present. If that person lives near a bishop, that place will become a blessed place. If a bishop goes to a cursed place, that place will be blessed. If a bishop goes to a cursed place outside God's will, that bishop has sinned against God and he will lose the power of the Holy Ghost upon him. *Does that mean that a bishop is not supposed to go to some places that inhabit cursed spirits like markets or parks?* Yes and no! If a bishop goes to a market to purchase food, he has not sinned against the Lord, if he goes to a market so that that market may become a blessed place, he has acted outside God's will; that market will not become a blessed place.

When a bishop has been in a cursed place for a long time, it will stop inhabiting cursed spirits as the bishop continues staying in there. If he is in a place that has been cursed by the God, it will be blessed by God as a result of his presence there. A bishop is a person who is able to stay in a cursed place until it is blessed by God and is blessed to stay in only blessed places thereafter. If a bishop goes to a

cursed place, cursed spirits will flee that place until he leaves that place. If a he has been in a cursed place for long, cursed spirits will relocate from that cursed there. *When cursed spirits relocate from a place, does it automatically become blessed?* If that place was cursed by God, it will not be blessed until God causes a bishop to live there. If a bishop goes to live in a place at the time a curse has been mentioned there, it will still be blessed by the God. If a bishop decided to live in a cursed place yet the time for the curse upon that place to be lifted has not yet come, that bishop has gone to stay in that place outside God's will.

When a bishop has stayed in a place and the place has become blessed by God, that bishop will be rewarded by God for having enabled Him to bless that place. A bishop who has endured a cursed place until a time when God is able to bless such a place is rewarded with wealth which is from the place that he has suffered from. If he was in a place which was not wealthy, he will still be rewarded with wealth.

Chapter **Five**

How Can A Person Stay In The Lord's Will?

When a person has been in the Lord's will for long, he will not be able to stay in the same position in his life. The Lord is always promoting a person who is doing his will. If that person was a child, he will be made into a son and later in to a mature adult in the Lord. A mature adult in the Lord is called a

son of God. When a son of God finds God, he is promoted by God to become a man of God. A man of God is able to become a bishop. When a bishop is promoted by God, he will become a bishop who is in the office of the Bishop.

The office of the bishop is God's own office. If a person is a bishop who is in the office of the Bishop, he has found God. A bishop who is not in the office of the bishop is not able to stay in a place until God blesses that place. If he is in a place, it will remain cursed until he pays the price to become a bishop who is in the office of the bishop. *What price does a bishop who is not in the office of the Bishop have to pay to become a bishop who is in the office of the Bishop?* He has to stay in God's presence for a lengthy period of time. If a person is desirous of becoming a bishop who is in the office of the Bishop, he has to abide in obedience to God. If he has not been able to abide in obedience to God, that person can never be a bishop. A bishop is not a person who is carnal. If a person is caught up in worldliness, he is not a bishop. *Can the enemy deceive a person that he is a bishop?*

Yes, the enemy is always deceiving some leaders that they are bishops. If a bishop has a title, he is already deceived by the enemy. God is not going to tell a bishop to call himself bishop so and so. A person who has given himself the title of bishop is blasphemous and needs to repent unto the Lord. If you find a person that is an *archbishop*, that person is cursed and needs to give his life to the Lord. If an archbishop had knowledge of what it means to be an archbishop, he would never desire to hold such a title or office. An archbishop is a bishop who is in the office of Lucifer. He is the archbishop! Had it been that a person who has titled himself as bishop were in God's will, he person would not be cursed. If a person titles himself bishop, he has caused a curse of lack upon himself. He will lack the Lord's voice until he repents.

A bishop has to go through tests which are designed by God for him to be able to become a bishop who is in the office of the Bishop. When a person passes these tests, he will be blessed by God to live as though he were in heaven. If a person fails the

tests which God has designed for him, he will be encouraged by God to try again. Most of the time, a person may not know that God is testing him. These tests are never the same and vary according to the amount of knowledge which the Lord has blessed a person with. If you have been blessed with much knowledge, the tests which God will give you will be different from a person who has been blessed with much more knowledge. When a bishop has stayed in the office of the Bishop for long, God will bless him with abundance of wealth.

Abundance of wealth is wealth which is from the Father's own table. This is wealth that does not diminish. A bishop who has wealth in abundance is called a bishop in the Father's office. When a bishop is in the Father's office, he is a person who is living in the Father's abundance. A bishop cannot be ordained by a man, he can only be ordained by the Father. When a person ordains himself as a bishop without being ordained by the Father, he acquires a curse from the Father. A curse which is from the Father is an eternal curse. It is a curse that cannot

be removed by the Lord. When the Lord curses a person, that curse can be removed with that person's repentance. If God curses a person, that curse can be removed because the Lord died on that person's behalf. If the Father curses a person, he will live with that curse for eternity. *Has the Father ever cursed a person?* Yes, people who are condemned are cursed by the Father to stay away from His presence forever. Such a person may find the Lord but will never find the Father. They may even find God but will never know who the Father is. If you are asking: *can such people enter heaven?* Yes, they may enter heaven but will not see who the Father is for eternity. They are the ones who are of the enemy's lineage. If they enter heaven, they will never see who the Father is.

A person who has blasphemed the Holy Spirit has been cursed by the Father to stay away from His presence for eternity. If such a person is desirous of entering in the office of the Father, he will try for eternity and will never see who the Father is. If he has sinned against the Holy Ghost, he is never going to see what the Father has. *Isn't blaspheming the Holy Spirit*

the same as blaspheming the Holy Ghost? Yes and no; if you have the Holy Spirit and a person blasphemes Him in your presence, he is cursed for eternity. If you have the Holy Ghost and a person blasphemes Him in your presence, he is cursed never to be in the Father's presence for eternity. These curses seem similar but are different in that the person who blasphemes the Holy Spirit will stay away from him even in heaven whereas the person who blasphemes the Holy Ghost stay away from Him even in heaven.

When a bishop has been in the office of the Father for long, he will have a plethora of gifts which have been given to him as a result of obedience. If he has stayed in the Father's presence for longer than a bishop who is in the office of the Bishop, he will be rewarded with gifts which are from the Father. Gifts which are from the Father are gifts that a person receives out of obedience to God. If a bishop has been obedient to God, the Father will bless that bishop with gifts of wealth. A person who is a bishop in the office of the Father is able to stay in blessed places until those places become wealthy. If a bishop

who is in the office of the Father has been sent to a place, that place has been blessed by the Father with His abundance. When I was in the office of the Prophet, I witnessed a lot of hardships that were meant to test me to core. I did not know that the Lord was preparing me for a bigger office. Had it been that I had failed to endure in the hardships that the Lord had wanted me to pass through, I would never have been able to enter in the office of the Father.

Giving in the Lord's Will

Chapter **Six**

How Can A Bishop Stay In The Father's Will?

A bishop who has been in the Father's presence for a lengthy time, is not supposed to engage in any form of commercial activity. If a bishop who is in the office of the Father is engaging in commercial activities, that bishop has a curse upon him; he is not a bishop who is in the Father's office anymore. A person who

wants to be a bishop who is in the Father's office has to refrain himself from any form of work that is not from the office of the Father. *Why doesn't the Father permit a bishop who is in the office of the Father to engage in any commercial activity?* If a bishop who is in the office of the Father engages in commercial activity, he will obey the enemy rather than the Father. He will start accumulating assets for the enemy rather than for the Father. An asset which belongs to the enemy will be acquired through commercial activities. An asset which belongs to the Father will be acquired through wealth. An asset which has been acquired through economic activity will have a cursed spirit called *mammon* upon it. He is the leader in the kingdom of darkness. If a bishop who is in the office of the Father engages in any form of economic activity, mammon will obtain legal rights on that asset.

If a bishop who is in the office of the Father has to acquire an asset, it has to come through a legal system in heaven. When a person who is not a man of God or a bishop who is in any office gives to a bishop who is in any office, that asset belongs to the

Father. The kingdom of heaven is not supposed to benefit in any way from the kingdom of darkness. If a bishop in any office acquires any asset from either a business, a job or a service offered, that asset is a tool which the enemy can use to cause any harm upon that bishop.

If a bishop is to acquire an asset, it has to be given to him by particular types of people. A bishop who is in the office of the Father may be given an asset by his followers in the faith. If he does not have followers, he cannot acquire an asset through any other means. If he is a bishop who is not in any office, he is not able to acquire an asset through his followers but may acquire an asset through his immediate family. *Can a bishop who is in the office of the Father make a choice on the type of asset to acquire?* Yes, he can make a choice through the giver. For instance, if he is desirous of owning a particular type of car, he has to ask the Father for that particular car directly. If he does not, he will be given the giver's choice. When a person who is a bishop is able to own an asset, it cannot be taken away from him by the enemy. Such an

asset will be in the kingdom of heaven until the earth passes away. If the Father has given a bishop as asset, it will become an asset in heaven as well. If a bishop has a house on earth, the same house will be made in heaven for him.

A bishop who is in the office of the Father is not able to lack anything that he needs in this life. If he lacks, he has not been ordained as a bishop who is in the office of the Father. *How does the Father ordain a bishop?* A bishop is ordained by the Father through numerous tests. If you think that the Father ordains using human hands, then you are lacking in knowledge. A bishop who is in the office of the Father can only be ordained by the Father himself. If you have ever been ordained by a man, you are neither a bishop nor a person who is in God's will. *What if I have ever been ordained by man yet is desirous of being ordained by the Father?* If you had been ordained a bishop by a man and you now are desirous of being ordained by the Father as a bishop, such a desire must come from the Father Himself and not from you or a man.

Chapter **Six**

How Can A Bishop Stay In The Father's Will And Live In His Abundance?

When bishop has stayed in the Father's will for a long period of time, he will have the abundance of the Father upon him. The abundance of the Father is His wealth in a greater measure. A bishop who has

been able to grow in obedience to God, will have the Father's wealth in a measure that is unfathomable. *What does it mean to have the Father's wealth?* If you have been wealthy, you may know what wealth includes; it is living as though you have been taken to heaven while still on earth. If a person was sickly, it means disease will flee from his body. If another person was in lack, it will flee from his entire being. You will not lack anything that you need in this life. If you were a person who did not have assets, you will acquire assets through the Father.

A bishop who has been able to live in obedience to the Father will be able to have the power of the Holy Ghost in his entire environment. This is a bishop that has achieved a reward of holiness in the presence of the Father. When he has a problem, he may call upon the Father's name for him to be helped. *What is the name of the Father?* The Father's name is Jesus. If you have been thinking that there is any other name that is above the name Jesus, know that there is no other name above the name Jesus.

A bishop who has stayed for a lengthy period of time

in the office of the Father will also have the anointing of the Holy Ghost upon him. *What is the anointing of the Holy Ghost and what can it do?* When a person has the anointing of the Holy Ghost upon him, he has the power of the Holy Ghost to heal and claim a miracle from God. If that person is a bishop, he will have a double portion of the anointing of the Holy Ghost upon him. A bishop in the office of the Father is not a person who can be easily attacked by cursed spirits even though he may be in an area that is inhabited by cursed spirits. When he is in a cursed place, that area will become inhabitable by cursed people, they will start manifesting cursed spirits on a continuous basis. When he stays for a lengthy period of time in a place which the Lord has blessed, that place becomes holy ground and will be made into an area which can never be inhabited by cursed spirits.

A bishop who is anointed by the Holy Ghost has the power to stay in the Father's presence for a lengthy time. If he were not anointed, he would not be able to stay in the Father's presence at all. When a bishop is in the Father's presence, he has the power to oppress

the enemy. *How will a bishop oppress the enemy?* When a bishop is obedient to the Father, he will expose the works of the enemy in a cursed person. It means that he will be able to know what is going on in a cursed person's life so that that person can be healed by the Lord. If that person is an agent of the enemy, a bishop will be able to know who he is. *Who is an agent of the enemy?* This is a person who has compromised with the enemy to have a problem solved but in so doing has been trapped by the enemy in sin. When an agent of the enemy is in a place, a bishop will be told who he is by the Holy Ghost. If that agent has been hiding from other ministers of God, he will not be able to hide from the Holy Ghost.

A bishop who has been in the Father's presence is going to cause a revolution in a congregation. If he is in a church, that church will experience the anointing of the Holy Ghost at an exponential level. When a church has a bishop in its midst, it will experience a wave of the anointing of the Holy Ghost upon it. Such a church will not be oppressed by the enemy any longer. *How can ministers of God aspire to become*

bishops who are in the office of the Father? If you are a minister of God and are aspiring to become a bishop who is in the office of the Father, you have to start by obedience to the Lord just like any other believer. If you have abided in the Lord for long, He will lead you to the Father Himself. If you have been thinking that there is any other way, know for sure that there isn't.

Giving in the Lord's Will

Chapter **Seven**

How Can A Bishop Live Under The Anointing Of The Holy Ghost?

If a bishop is obedient to God, he will live under the anointing of the Holy Ghost. A bishop who is living under the anointing of the Holy Ghost will oppress the enemy in his environment. If that bishop has stayed for long in the presence of the Father, he is going to be given an anointing which is in a

double portion than a person who is not a bishop. A bishop who has a double portion of the anointing will destroy the work of the enemy in his environment. *How will a bishop acquire the anointing of the Holy Ghost?* If a bishop has stayed in the Father's presence for a longer time, he will be given the anointing of the Holy Ghost in a double portion.

When a bishop has the anointing of the Holy Ghost upon him, he will also oppress any agents of the enemy. *How will agents of the enemy be oppressed by the anointing of the Holy Ghost which is upon a bishop?* If that bishop is in an environment which has agents, they will start manifesting cursed spirits on a continuous basis and will become agitated in his presence. If a person is an agent of the enemy, he will distance himself when he realises the anointing which is upon a bishop. An agent of the enemy is a person who is not easily exposed. If such a person is exposed, he often will not be able to continue operating from a place from where he has been exposed.

When an agent is in a place which has a bishop who is in the office of the Father, he is not able to

hide anything from that bishop; he will be exposed by the Father when the time comes. *Are agents only planted in places where there is ministry?* Yes, agents are in churches, homes, and any other place where the enemy is able to oppose the Lord. If an agent is in a home, that agent will be exposed when it is God's time for him to be exposed. *Does it mean that it is not possible for an agent to be exposed anytime?* if an agent is exposed without God, he can be destroyed as a result of that untimely exposure. God will only expose such a person according to His love and wisdom even though the exposure may appear tough! *How is an agent exposed?* If that person has not repented, he will be exposed by the Father to a bishop who is in the office of the Father. When he is exposed, he will not be able to continue being in a place where he has been exposed. *How will an agent be exposed if he is operating in a place which does not have a bishop?* if an agent is operating in an environment which does not have a bishop, he will still be exposed God to a minister of God who is mature enough to act according to God's will.

A bishop is supposed to expose an agent in God's will. If a bishop exposes an agent outside God's will, he has sinned against God. If an agent is exposed outside God's will, he may be destroyed by the consequences of that exposure, and may not be able to repent. If an agent is exposed in God's will, he may be able to repent and be restored unto the Lord. *How is an agent able to be restored unto the Lord?* If an agent is exposed inside God's will, he will not be able to stay in a place where he has been exposed from. If an agent is exposed and stays in the place where he was exposed, that is not God's will; that agent will not be restored unto the Lord. Why? Because that agent has not been isolated from the brethren. If he is not isolated, he will not repent in ashes.

A bishop who is in God's will is going to ensure that he isolates an agent from where he has been operating from. If he does not isolate an agent, he is going to destroy that agent. A bishop has to expose an agent in a way which will ensure that the agent is not able stay among the brethren. It involves embarrassment and shame. If an agent is exposed quietly, he will not

be able repent in ashes! If you think that by exposing an agent quietly, you will avoid shame, know that by the Father shaming such a person, he will learn how to avoid the opportunities which the enemy may offer him. When that agent repents, it is the Father who will cause that agent to reconcile with the brethren. If a bishop tries to reconcile an agent to the brethren, he will make an already bad situation worse; the agent will not have fully healed. If an agent has been exposed and fails to repent, he is cut off from the Lord for eternity.

When a person who has been an agent repents, it is an opportunity for him to start on a journey of love with the Lord. A person who has been an agent is not able to stand on his own. If he is left alone, he will be enticed by the enemy to fall. If he falls, he will not trust the Lord again for his entire life time. Why? Because he will be hardened by the enemy not to trust the Lord.

A person who has been in a place where there are agents is not going to easily understand why an agent is a person who is hardened against the

Lord. An agent is usually a person who has been abused by the enemy at a young age. When the enemy abuses such a person, he will start leaning towards rebellion. A rebellious person is what the enemy needs to be able to work against the Lord in a person's life. When an agent continues in rebellion against the Lord, he will start grumbling against the Lord all the time. If such a person is in need, he will constantly be a receiver. If he is a married person, he will constantly grumble against his spouse and will omit his spouse from his life.

A person who has been hurt by an agent is the one who usually petitions the Lord for an agent to be exposed. If you are asking: *how does a person who has been hurt by an agent know that he is an agent?* If you petition the Lord and ask why a person keeps hurting you, the Lord will expose that person to you. If I were not a bishop, I would not know the agents in my environment. A person who thinks that agents are unfairly treated by the Lord should know that they are cursed people whom the Lord is trying to reach out to with love. When an agent

has repented, he has decided to trust the Lord with his secrets, the other secrets which he may have will not be exposed by the Lord. If he decides not to repent, his other secrets will be exposed by the Lord gradually. If he still decides not to repent, he will start receiving ailments in his body to warn him about the wrath of the Lord upon his life. If he again still refuses to repent, he will die of disease. If he dies without repentance, that agent will be condemned in hell for eternity.

Giving in the Lord's Will

Chapter **Seven**

How Can A Person Live With An Anointing From The Holy Spirit?

I have been teaching people about the differences between the personalities of the Holy Spirit and the Holy Ghost. If you are a person who has matured in the Lord, you should have found God. If you have

found God, you have the Holy Spirit in a measure for a person who is obedient to God. If you have matured in God, you will be given the Holy Ghost to enable you to do God's will. If you are still a young believer, you may be given the Holy Ghost as and when the Lord deems fit. If you have the Holy Ghost, you will have the anointing of the Holy Ghost in you. *Have you ever known the difference between the anointing of the Holy Ghost in a person and the anointing of the Holy Ghost upon a person?* If a person is anointed with the Holy Ghost, he is able to do the Lord's will. If he has the anointing of the Holy Ghost upon him, he is able to perform miraculous signs in his environment. If a person has the anointing of the Holy Ghost upon him in a double portion, that person can only be a bishop who is in the office of the Father. A double portion is a portion that is from both the Lord and God.

If the Lord has anointed a person with a portion of the anointing, he will be able to do the will of God in his life. If God anoints that person, he will be able to do wonders in his environment. A person who has a double portion of the anointing is someone

who has been a prophet before. When a person has been given the double portion of the anointing, he has received a *mantle* from God.

A mantle is a set of gifts that a prophet receives if he has abided in the presence of God for a set amount of time and has obeyed the commands of the Lord. If a person has a mantle, he has received it from another person. *How does someone receive a mantle from another person?* Elijah had a mantle of prophetic gifts which he received from the Father. He was able to give his mantle to Elisha at the point he was taken away to heaven by God. When Elisha received Elisha's mantle, he received a double portion of the anointing that was upon Elijah. Elijah, received his mantle from the Father while Elisha received his mantle from Elijah. If there is a person in your environment who has a set of prophetic gifts, they are what the Lord calls a mantle. If a person who has a set of these prophetic gifts dies, they will be passed on to another person. *How will a person receive a mantle from another person who has pass on?* If you are in contact with a person who has a mantle, you will be told how to receive that mantle at the time of death.

When a person who has received a mantle works in accordance to the Lord's will, He will grow them for him. When the mantle has been grown, it will become a blessing to a person who has grown it. If that person works in accordance to God's will, he will use that mantle to glorify God. *How is a mantle different from a birthright?* If you have read my book titled: '*Expect a Revival in Your Life*', you will understand what a birthright is in detail.

A mantle is a set of gifts which a person may receive from another person whilst a birthright is a set of gifts which a person receives from God. If the gifts which are in a mantle are the same as the gifts which are in a birthright, that mixture becomes a double portion of an anointing. *Can a mantle be stolen by the enemy like a birthright?* A mantle is able to be stolen by the enemy if the person who has a mantle does not cooperate with the Lord. If a person dies and does not willingly pass on his mantle, the person who touches the corpse of the dead person will inherit his mantle. It does not have to be a blood relative or a close family member, it can even be a mortician. *Do mantles only*

have a set of prophetic gifts? A mantle may have sets of different types of gifts which are useful for the Lord and for a man. A mantle may have gifts like: wealth, peace and love. Another mantle may have: peace, knowledge and administration. Another mantle may possess: health, wealth and knowledge. Another mantle may have gifts like: discernment, knowledge and healing.

A person may possess many mantles without his knowledge. If a person has good health, he may possess a mantle with health as the dominant gift. If a person has wealth, he may have a mantle which has wealth as the dominant gift and if a person has a gift of healing, he may possess a mantle that has knowledge as the dominant gift. These gifts are always in sets of 3's. If a person is in possession of 3 mantles, that person has a complete set of prophetic gifts. If a person has 6 sets of mantles, he has a complete set of a double portion of prophetic gifts in his possession. These gifts cannot be more than 3 in a set. If there were 4 in a set, it would make perfection on earth which is not the Lord's will. If a person has a double set of prophetic gifts, he will

always be a prophet. If a person who is a prophet does not possess a set of prophetic gifts, which are in 3 mantles, the Lord will send that prophet to places where he can be able to possess the complete set of gifts.

A person who has a mantle and has not given it to the Lord, will not be able to grow the gifts in that mantle for his lifetime. If a person has a mantle which has wealth as a dominant gift, he may be rich as a result of that mantle but will not be wealthy. He must give that mantle to the Lord for Him to destroy all the influence of the enemy upon that mantle. The enemy may use that mantle to enrich that person and draw him away from the Lord. If that mantle is given to the Lord, a person will experience the wealth that the Lord desired for him. If a person does not give the Lord a mantle, he may not be able to use that mantle at all. He may live his entire life without any knowledge of the gifts which he possessed from God. A person who has learnt about giving should ask the Holy Spirit about what he should give to the Lord so that he is guided on what to do. *Why would a*

person live his entire life with a mantle without being able to use it? If a person with a mantle has curses which are as a result of his sin and that of his forefathers, he will not be able to use his mantle unless he repents to the Lord. If he has knowledge about mantles, he may use his gifts for the glory of the enemy. He will be the one to grow that mantle for him. A person who has been able to give his mantle to the Lord will be asked to relinquish everything that he has received as a result of that mantle. When a person gives the Lord a mantle, He will anoint it for him to be able to live with that mantle according to the Lord's will. If he had a mantle which has a gift of healing as the dominant gift, that person will have the gifts of healing dominant when the Lord anoints that mantle. If he had a mantle with the gift of administration dominant, that person will be an evangelist when the Lord anoints that mantle.

Chapter **Eight**

How Can A Person Live With An Anointing From The Holy Ghost?

When a person has found God, he will be given the Holy Ghost to enable him do God's will and oppress the enemy. If that person has a mantle that he has not yet given to God, he will have gold but may not

know. If he does not know that he has a mantle, the enemy may oppress him so that he will not be able to give his mantle to God. If such a man has a mantle which has the gift of discernment as the dominant gift, and gives this mantle to God, He will anoint and grow it until that man has a double portion of the gift of knowledge. *Where will the other portion of the gift of knowledge come from?* If that is a man who has abided in obedience to God, he will be given the gift of the word of knowledge from the Spirit. When he gives his mantle to God and He anoints it, he will now have two portions like Elisha. If he has a set of 3 mantles and then gives them to God, he will have a set of prophetic gifts that God can anoint and give him the gift of prophecy if he has a calling of a prophet upon him. In this case such a man will have a double portion of the anointing of Holy Ghost upon his prophetic gifts.

A person who has a set of 3 mantles and is not called to be a prophet cannot become a prophet even if he gives those gifts to God. A person who is a prophet has a birthright from the Father. Gifts are not the only

things that make a prophet. He has to go through training with the Lord until he is tested by God. If a person who has a set of prophetic gifts desires to be a prophet, he must have a birthright for him to be trained by the Lord. *What will a person who is not called to be a prophet use prophetic gifts for?* If a person has a set of 3 mantles, we learnt that he has prophetic gifts. If he is desirous of being a prophet and does not have a birthright of being a prophet from God, he may be able to prophesy under the anointing of the Holy Spirit. However, a person that has a calling of being a prophet is the only one who can use the prophetic gifts that he may have for the glory of God. If you are asking: *what then will a person who has a set of prophetic gifts from God and yet is not desirous of being a prophet or has not been called to be a prophet use them for?* He will be able to use that set of prophetic gifts for the wealth that it comes with in a greater measure

When a person who has a set of 3 mantles gives this set to God, He will anoint this set so that the person is able to use this gifts for the Father's glory. This is a set of prophetic gifts that can make a person

wealthy. Such a person may use this set of gifts to employ a lot of people who will thank God for him. If such a person uses his gifts to glorify the enemy, the Lord will curse them and he will be tricked to lose these gifts. *How does the Lord trick such people?* If he has been cursed by the Lord to lose his prophetic gifts, he will always meet an agent of the Lord.

An agent of the Lord is a prophet who is in training with the Lord and has been placed in the path of a cursed person. If you are using your prophetic gifts for the glory of the enemy, the Lord will send you a prophet so that you might mock him. If you do so, he will acquire all the prophetic gifts that you have been using to glorify the enemy. If you had given your prophetic gifts to God and He had anointed and grown them, you will lose gifts that are fully grown. If you had not grown them, you will still lose them and will not be able to get them back even if you repent. *Does the Lord take back gifts which He has blessed a person with?* If you thought that He repents of gifts, you are lacking in knowledge. God will not take back any gift which he has given. However, He is able to trick you

into losing your gifts. *Does the Lord only use prophets to trick people who are using their prophetic gifts for the glory of the enemy?* Yes, the Lord will always use a prophet who is in training with the Lord to trick a person who is using his prophetic gifts for the glory of the enemy. If such a person mocks a prophet, he will lose his prophetic gifts and will also acquire a curse from the Lord.

When a person asks: *can a person who has prophetic gifts lose them if he does not know that he possesses them?* Yes, if you are not aware that you have a set of 3 mantles that make up a set of prophetic gifts and yet are using them to glorify the enemy, you will still be tricked by the Lord to lose those gifts. *How do people use prophetic gifts to glorify the enemy?* If you have a set of prophetic gifts and grow them on your own until you are able to employ people but cheat them, other people or the state, you are using your gifts for the glory of the enemy. *How are the gifts which are included in mantles different from the gifts that are from God?* If you have gifts that are from God, you cannot lose them even if you use those gifts to glorify the enemy.

However, the enemy can steal those gifts from you if you compromise with him. When you repent, you will get back the gifts that you have lost to the enemy.

On the other hand, you can lose the gifts which are in a mantle if you misuse them by glorifying the enemy with them. *Can the enemy steal a mantle from you?* If you have not used the mantle to glorify the Lord, the enemy is able to steal that mantle from you through trickery! *How is the enemy able to steal a person's mantle?* If you have never used the gifts that are in a mantle, the enemy will block you from having knowledge about the gifts which are in the mantle that you possess. If you do not use the gifts which are in a mantle, they will not grow and will be dormant. When gifts are dormant, you are sinning against the Lord by keeping them dormant. The enemy is able to cause you to lose them on that account. How? If you have sinned against the Lord, the enemy has a right to oppress you. If you compromise with the enemy, he may exchange your mantle for temporary relief from oppression. *What does the enemy do with such a mantle?* If he is to bless

a person, he give him a mantle depending on his desire. *Can the Lord trick a person to lose a mantle which he received from the enemy?* Yes, the Lord can trick a person to lose a mantle which is from the enemy and will anoint it for a person who is a prophet. *How does the Lord bless a person who is not a prophet with a mantle?* If a person has a mantle which he has received from the Lord, that person has received it through people.

A mantle is not received at birth. If you have been thinking that people are born with mantles, know that they receive them only through people. *What other way do people receive mantles other than when a person has passed on?* If you are in a place where people are sinful, they will be cursed to lose the mantles which they have as a result of their sin towards the Lord. How? If you live in an environment which has cursed people, they will lose the mantles that they possess to a person who is blessed. How? By giving! If you are a giver, you will be able to possess a mantle from people who are cursed by giving to them. Giving does not usually require a person to part possession with material items like money. If you live in a house

and you are cleaning, cooking and doing other household chores, you will receive blessings from the Lord and will also receive the blessings of the people who are in that environment. If the people in that environment are blessed, they will not lose their blessings. If however they are cursed, they will lose their blessings including their mantles to you.

Jacob was able to receive Laban's blessings from his home. When Laban realised that Jacob had been blessed, he was unable to tend his flock without Jacob. He had even accumulated more flock than his master from Laban's own home. If you have a blessed person in your home, make sure you are equally blessed or else you will lose your blessings to that person. *How can a person ensure that he is blessed?* If you think that being blessed is only equated to wealth, you are lacking in knowledge, a blessed person is someone who is doing the Lord's will. The Lord will bless such a person all the time. If you have a person in your home who is doing the Lord's will, make sure you too are always doing the Lord's will or else you will lose your blessings to that person. If you are not able to do the Lord's will, do not carelessly accept a person to live in your home.

Chapter **Nine**

How Can A Person Live With An Anointing Upon A Prophetic Gift?

When a person has a set of prophetic gifts in his possession, he will have a wealth of gifts which are from other people. If he has been in the Lord's will, he will be able to use these gifts for the glory of the

Lord. If such a person is in the Lord's service, he will be told by the Lord where to go and pick up blessings that are from other people. *Can a person also receive blessings directly from the Lord?* Yes, he can receive blessings directly from the Lord, however, a mantle cannot come from the Lord directly. It is a set of gifts which come with blessings. If a person has been blessed by the Lord, he will be able to pick up blessings where ever he goes. If a person has a curse upon him, that person will lose gifts. The gifts which a person with who has a curse loses, will be given to a person who is blessed. A person who is blessed will has to always stay in the Lord's will. If a blessed person is a bishop, he is able to expeditiously receive blessings from God and from the people who are cursed in his environment.

The environment where a bishop is resident should always have blessed people. If the people are cursed, they lose every blessing which they possess. They will lose mantles, gifts, and other blessings which are from God. If a bishop is in an area and the people in that area honour that bishop, they will not lose the

gifts which they possess even if they are cursed. *If a bishop is in an area and he is not known to be a bishop, will he still cause the cursed people in that area to lose mantles, gifts and other blessings from God?* If a person who is in a place where a bishop is resident calls on the name of the Lord, He may be able to give him knowledge as to why the people in that area are deficient in gifts from God. In other words, a bishop will automatically attract all the gifts of all the cursed people in an area.

If the people in that area honour that bishop, the Lord will bless them so that they are able to keep their gifts. *How will people who do not have knowledge of the presence of a bishop honour him?* If a person is a bishop and does not receive honour from the people who are in his environ, he will continue receiving the gifts and blessings which the people in that area have received from God. *Apart from mantles, what type of gifts and blessings do cursed people lose to a bishop who is in their area?* If a person has a gift of wealth which he received from the Lord as a result of doing His will but is now cursed, such a person will lose that wealth. If another person has a gift of wealth which

he received from God at birth, that person cannot lose that gift even if he is cursed. The gifts which cursed people will lose to a bishop are gifts which are from other people and not directly from God.

If you are thinking that the gifts which are from other people are not as useful as the gifts which are from God, know that gifts which are from other people are always coveted by the enemy. He has knowledge as to why he is always seeking a gift from another man. *What is the difference between a gift which is from God and a gift that is from another man?* A gift from another man is a gift which is used for the encouragement of that person. If a person is in a situation where he needs love, he will need encouragement from the Lord. If that person is cursed, he will not have anyone to encourage him. If he is blessed, he will have many people encourage him. If a person is thinking: *can't I do without such a gift?* A person who is thinking in that direction is cursed already. If you are in a place which does not have people, you are cursed to be in lonely places. If you are in lonely places, you will have the company of demons.

If a bishop is in a place, it will always have people to honour him. *How do people honour a bishop?* If you thought that a bishop is honoured by bowing down to him, you are deceived; a bishop is honoured by giving. *What type of giving does God desire a bishop to be honoured with?* A bishop is only honoured by giving which is in God's will. If a person gives to a bishop outside God's will, that person has sinned against God and will acquire a curse upon him. If a person gives to a bishop according to God's will, that person will be rewarded by God. If a person gives his tithe to a bishop, he has given according to the Lord's will. A person who gives his tithe to a bishop is not going to be asked to do it again. When a person tithes to a bishop, he has tithed unto the Lord. When a bishop is tithed to, he is entitled to bless the person who has tithed unto the Lord. Abraham gave all his tithe to Melchizedek, who was a bishop from God and was abundantly blessed.
