# Introduction

Let's settle one thing. Making cash online is possible. Just head over to a site called Host Gator and click on their affiliate program link. You know what it says? Refer 99 people a month to Host Gator and make \$74,250.00 in 6 months time.

But that is not what this book is about.

Hang on.

It kind of is what this book is about. This book is about getting 99 leads worth \$12,375 and paying less than \$12,375 to do it. That makes sense, right?

If I give out a list of programs that offer \$100+ per referral then would it not be Your Task to find a method to get each referral for less than \$100 and keep the rest? In fact I have some ideas about how to not spend a cent and still get those referrals.

Let's propose I give out a method to get 1000 hits for free. It is reasonable to assume 1 in 100 of them will sign-up at the site I provide. You earn \$100 commission on each one.

You therefore then make \$1000 without spending a cent.

Sound too good to be true?

Here is what this book reveals (free):

- 1. The full \$1000 a day method
- 2. 10 programs paying \$100 to \$1000+ per lead
- 3. 10 ways to get 1000s of free leads

So I am offering programs that pay \$100s in cash per lead, and then I am offering a method to get those leads free.

Hard to believe, right?

Here are 2 thoughts that go through people's heads at this point...

#### 1. Is it legal?

Yes and do not even think about using the old "sign up and I will split the commissions with you" trick. I am not down with fraudulent strategies. Getting illegal leads causes bans and loss of income. This is a 100% legit system. If you do not want to play fair then this book is not for you.

#### 2. WHY, Oh WHY would you give this out for free?

I am so sick of these sites asking people to pay hundreds of dollars to learn how to make cash online. Most of them don't even work. I am never going to ask for your money, so don't even think about taking that wallet out!

I do not want anything back. Ok – well some promotion would be nice. Send this book to your friends and I will appreciate it. But other than that I do not expect anything.

Or you might not be having these thoughts at all and just be thinking "SHOW ME HOW". In that case, let's get to it.

# **1** The full **\$1000** a day method

\$1000 on auto-pilot is much easier than most believe it to be to achieve. You just need to tell people about cool websites and products that fill their needs and get paid a handsome commission for it. This book automates that method as much as possible.

In this book I have handpicked the best of <u>the best</u> of the <u>best</u> affiliate programs that are generating MILLIONS DAILY for affiliates. I have also revealed the secret web promotion tactics for free that those other sites are charging thousands to teach.

I have set up these strategies so that all readers with no previous knowledge in affiliate marketing can pick up this book and after spending a few hours a week make a lifetime passive income that is on auto-pilot after the first month.

# **High Returns with 0 Investment**

There are 5 errors most people make when building a passive income that stop them from generating a lifetime income. This book ensures that these errors are avoided because it offers leads creating:

# **1. Lifetime Commissions**

Most programs offer commission for a few months and then stop – I have listed programs that offer <u>lifetime commission</u>. Begin making a passive income now and keep making one in the long-term future.

# 2. 2-tier commissions

You will make dual-commissions on each lead – generating up to \$1000+ in potential revenue **per lead**. Most online affiliate programs fail to offer this and leave people earning pennies.

Become an Amazon affiliate and make \$5 selling 10 books... Become an affiliate of the programs in this book and make up to \$15,000 for the same 10 leads.

#### 3. Repeat commissions

You will be paid each month per lead. Unlike regular affiliate programs those in this book are MONEY MAKING MACHINES. Each of the programs offered in this book have received <u>5-Star</u> <u>A+</u> reviews from all of the leading marketing sites.

You will make dual-commissions each month for life.

#### 4. High conversions

In the online world some products and programs sell well and others do not. This book has selected the top programs that are guaranteed to generate successful leads.

I am not exaggerating... most of the products in this book are downright awesome and popular leading Brand-names.

# **5.** Promotion materials

Rather than endorsing spam and long-hours of marketing this book puts people who are seeking these exact programs <u>Into</u> <u>Your Hands</u>. You will learn the exact methods to get free leads fast. **Just point and click, and make cash!** 

# **HOW TO MAKE MONEY**

Sign up to the programs in the below section and then use the <u>simple</u> promotion methods provided in Chapter 3-4 to start making a massive passive income for life. Remember to follow these steps and do not give up – this does work.

## **Important Note**

Some of the programs below are updated from time to time so go to the website at <u>http://rich-free.info</u> to make sure this is the latest edition of the book. **This is Edition 1.** 

# **2** 10 programs paying \$100 to \$1000+ per lead

You do not need to use all of these programs. Check each one out in depth and then decide on one or a few to use. You will find in Chapter 3 and 4 all of the information needed to start making cash with these programs after signing up with them.

#### 1. Forex – Sign up as an affiliate

To sign up click on sign up now!

The demand for simple online stocks trading is huge. Forex affiliate program offers \$250 + 10% of all earnings. If a person You Referred makes it big on the stock market then that could be 10% of \$1k, \$10k, or even \$1million+ in commissions. If a referred lead <u>loses</u> then You Still Make Cash!

The results of this program are incredible. The average Forex lead can result in \$1000+ and even \$10k+ revenue.

I explain the sources to acquire leads for Forex in Chapter 4.

#### 2. <u>Site Build It!</u> – <u>Sign up as an affiliate</u>

To sign up click on the affiliate program at the top of the site

Site Build It! is **THE** most powerful business-based cashmaking machine out there. The average affiliate makes \$200+ per lead <u>per month</u> <u>for life</u>. The program offers a powerful set of tools to target different audiences and generate revenue.

You will receive a package in the e-mail 2 minutes after completing the affiliate registration form with exact information about how to make cash. In Chapter 3-4 I provide some free methods to generate leads for revenue using Site Build It!

#### 3. Implix – Sign up as an affiliate

Implix offers an excellent set of tools for webmasters. Some of their software includes a newsletter manager... e-book maker... 3D product cover maker... and more innovative tools.

Each affiliate is offered top-notch tools that make it simple to promote their products. Implix offers lifetime commissions of up to \$100+ per month **per lead**.

#### 4. <u>MoreNiche</u> – <u>Sign up as an affiliate</u>

#### To sign up click on the <u>affiliate</u> sign-up link

MoreNiche is the next generation of affiliate marketing. Sites like ClickBank and CJ do not come close to the revenue this site offers. MoreNiche is an entire network that offers total guides... training... hot programs... and promotion kits for affiliates.

Their site even features a popular discussion forum to ask questions about each step of the process. <u>MoreNiche</u> offers a high commission rate on all of the top products their merchants provide.

#### 5. <u>Lunar Pages</u> – <u>Sign up as an affiliate</u>

To sign up click on the affiliate link at the top of their site

In June Lunar Pages paid their top affiliate over \$50,000.00 for 1 month's commissions. Their program offers up to \$100+ per lead and is one of the best web hosting services online.

You need 60-80 leads to make at least a guaranteed \$5000.00 per month. I will demonstrate a good method to get a lot of free leads for Lunar Pages in Chapter 4.

#### 6. <u>Market Health</u> – <u>Sign up as an affiliate</u>

To sign up click on sign up now!

Market Health is not just a site. It is an entire affiliate network for leading health products. You will gain instant access to earn 50% commission on a product(s) of choice paid right into Your PAYPAL acc.

Sell the best health items and get handed half the sale cost Right into Your Pocket. Remember to read Chapter 3 and to use all the methods in Ch 3 to set up lead-generators for a few of these products and start making a high income.

#### 7. <u>Residual Sites</u> – <u>Sign up as an affiliate</u>

Residual Sites offer cheap pre-built and monetized websites. For example: if a person wants a site about Crafts or Cooking it

can be purchased with the template + site files + running ads + full-featured site setup from \$19.95 at Residual Sites.

Residual Sites offer up to \$119.70 base + per month per lead commission. In later chapters I will suggest the best method to get leads for Residual Sites.

#### 8. Nobel Dialing – Sign up as an affiliate

To sign up click on the <u>affiliate program</u> link at the top of their site

Nobel Dialing is a one of a kind product that a person either gets excited about or passes right over. Need to make a phone call from one continent to another? Nobel does that with the cheapest possible, fastest, and easiest possible method.

Their site works great and their service is super-popular. I had a friend who paid \$200-\$300+ a week in international calls. I told him about <u>Nobel</u> and he now spends just \$50 a week and I now make \$20 a month from that <u>single lead</u>.

Nobel is a true life-time service that once referred a person will continue using. <u>Nobel</u> offers lifetime commissions on all new customers. Find 20-30 people who make frequent international calls and the passive revenue numbers begin to stack up.

Go to the Nobel info page in Chapter 4 to find out how to get hundreds of leads and make thousands per month for free.

#### 9. <u>Marketing Tips</u> – <u>Sign up as an affiliate</u>

To sign up click on the <u>affiliate sign-up</u> link on left sidebar at their site

Using the promotion methods I teach in Chapter 3 it is simple to make \$100+ per lead using this excellent site.

Marketing Tips features dozens of top-grade products that can be used for marketing, promotion, and revenue building. This market is in HIGH DEMAND at the moment and these products are selling at incredible speed. Tap into it using the methods I provide later in this book and make a fortune from this site.

#### 10. Treasure Trooper – Sign up as an affiliate

To sign up click on the <u>advertise</u> link at the top of their site

Most affiliates do not make more than \$1000 a month with this program but it is EASY to promote: No sales are required. It is 100% free for subscribers and offers lifetime commissions.

This is a site that ANYONE can use free to make \$10-\$100 a month from filling out offers and surveys. But do not bother wasting time on this pocket change! Refer people to it instead and make 20% of their earnings.

Use the methods I discuss later on to get the free leads. Even if each lead makes \$10 a month, get a few hundred people to sign-up free, and earn \$500+ commission each month forever.

This is a great cash-generator because it requires 0-investment from the person joining and offers returns for both the affiliate and the referred user. Using <u>Treasure Trooper</u> both parties win.

#### **3** 10 ways to get 1000s of free leads

Decide on a program(s) or sub-products above to promote after logging in and exploring each affiliate control panel and then use these 10 methods to start making incredible amounts of revenue.

These 10 techniques can be applied to all of the above programs. For strategies specific to each one see Chapter 4. You will receive an affiliate URL text link for each of the above 10 programs. Use that link in the below promotions.

#### 1. <u>Hub Pages</u>

Hub Pages is a powerful article writing site in itself that offers instant traffic and promotion. It offers 4 INCOME STREAM levels for writers. You get paid into Google – Amazon - EBAY and Kontera accounts for each article.

Get an account at <u>Hub Pages</u> and then start writing informative articles about one or more of the above programs.

Example:

- Make an article about the benefits of web hosting
- Brainstorm ideas on what web hosting is (use wikipedia)
- Towards the end of the article outline the benefits of <u>Lunar Pages</u> and their services
- Use Your affiliate link
- Make the article as short or as long as needed

In the example of web hosting make another article about what makes a good web host, another about what makes a bad one. You can find all of this info using Google to research it in a matter of minutes.

<u>Read this</u> before using Hub Pages and use it on the products in this book. Create 10-15 well-written articles about one or more and receive 1000+ pageviews <u>per week for life</u>.

<u>Hub Pages</u> is a niche based social site where good writers are rewarded. Continue to write a few dozen articles for Hub Pages each month and get millions of potential leads. Each "Hub" (each article) is on auto-pilot for life and generates:

- Hundreds of potential referral leads each week
- Instant Google adsense clicks
- Amazon.com book sales
- Contextual ad dividends from Kontera
- EBAY auction commissions

(On auto-pilot) → Fill in the above program info in the profile once and earn lifetime commissions on several levels from each article. Even earn commissions <u>without</u> promoting a product in articles! Here are some articles I have written about the above programs that earned thousands:

- "The cheapest international telephone rates in the world"
- "Good Hosting is like good Pizza"
- "Forex trading for dummies"

Titles like this have a high chance of getting attention and getting into the spotlight. Get a single article with 1 affiliate link into the spotlight and be sure to make thousands each month again <u>and again</u> <u>and again</u> from that article. Do not just write an article titled "Click here for good hosting." Sell it. Be creative and have fun. The cash will come pouring in later.

# 2. Social Networking

Got some good articles up and running and some positive feedback coming in? Now it's time to increase that traffic even more. Join the following sites and submit each article URL to them:

- Facebook
- <u>Digg</u>
- StumbleUpon
- Blogsvine
- <u>Reddit</u>
- Health Ranker
- <u>laaik.it</u>
- <u>Mixx</u>

You should see a <u>Submit</u> link on all of these sites. Submit each article to them and receive even more visitors to each article. Search for other articles on those sites and add some friends of fans first to increase the amount of clicks each article receives.

Receive more lifetime commissions with each new article that is submitted to these social networks.

#### 3. Blogging

The alternative to using Hub Pages or article sites is having a blog to post articles at. <u>WORDPRESS</u> blogs attract instant traffic. Just starting a blog and writing dozens of articles each week can cause it to become super-popular fast.

Like <u>Hub Pages</u> blog articles provide lifetime traffic and leads. Blog 10 articles about hosting (for example) and that will mean 100s\*10 visits per month. If the base commission is \$65 and out of 3000 visitors 10 sign up that is \$650 per month on autopilot.

Reading this book and thinking about starting a blog? Then do some articles and advertisements of these affiliate programs. Don't believe that programs like Google ads will generate a passive income. The top bloggers make the most cash from high earning affiliate programs like those in this book.

You also get some good looking banner ads with most of these affiliate programs to use in articles and in the blog side bar.

The fastest method to make millions blogging is to pick an area to blog about such as <u>Forex</u> or <u>Site Build It!</u> and then to read, read, <u>and read</u>, and learn about that topic. Then blog about it using the high-earning affiliate links as advertisements.

I know a blogger who makes a living blogging about whatever he likes... he just places a few Forex ads on his most popular articles and makes massive amounts of revenue as a result.

#### 4. YouTube Hits

This is one of the fastest methods to start making cash right now. Most people reading this book believe I want them to market the affiliate products... but it's more important to have fun than it is to be a marketer all the time. Make a hilarious or "hot" YouTube clip and it could get 10 million views overnight. I know this person (below)... when he first put this clip up it got 50-60 views, and 1 week later it had 4 million:

Click here to see it – also the news piece here

He got 4 million hits but got paid through AMAZON (a few dollars per lead). Promoting the programs in this book instead can earn 1000x that amount.

<u>YouTube</u> is also in high demand for instructional & educational videos. Start making videos like "Never be overcharged for international calls again" or "Pre-built sites – Pros and Cons". Don't be afraid of going on camera, or otherwise make a clip of the cat doing something hilarious or something entertaining outside. Here is how to make cash on YouTube:

Make a good video clip. iMovie for Mac and Movie Maker in
 XP or vista is a good software.

2. Upload it to <u>YouTube</u> after getting an account.

3. Now for the "Description" field enter "See [Your affiliate link] for more info about..."

4. Subscribe to dozens of other channels to get free exposure.

5. Pick a popular related video and click "Post video response"

to link Your Clip. Select it from Existing Clips.

6. Your video will receive at least a few hundred views and can even explode to thousands and millions if it is good enough.

Making a lot of entertaining or informative clips about these products will generate large amounts of lifetime leads.

You can also make more if the videos become super-popular through the use of <u>YouTube's</u> revenue sharing program. You can earn \$200-\$300 PER DAY into Google adsense if the YouTube channel is popular enough. YouTube members who have thousands of views to their videos can sign up to this revenue sharing 'Partner Program' on YouTube's site.

Remember that when writing or making videos most of the information needed to make content such as 'Pros and Cons' and 'How hosting works' is <u>ALREADY THERE</u> on the affiliate site. Most send an e-mail with loads of info to share with others.

#### 5. Facebook

Start a Facebook group (left sidebar) related to the program that is being promoted. Invite friends to join. Inside the group post articles or direct affiliate links to these related programs. This works well for people with lots of friends but will not work otherwise so I will not write much more on this.

#### 6. <u>Squidoo</u>

Squidoo is another <u>Hub Pages</u> alternative that offers a lot of powerful tools to post affiliate links and articles about almost all topics. Squidoo allows posting of more affiliate links than Hub Pages and is less strict about format but it has a larger learning curve.

<u>Squidoo</u> also offers revenue sharing and allows writers to create articles (lenses) about with links in them. People are earning a lot of cash there... promoting low revenue earning programs, so the high revenue programs in this book are huge cash-generators at Squidoo.

Once there, do a search on "how to make money on Squidoo." There are dozens of well-written guides that explain the exact process of writing interesting articles and adding a few affiliate links to promote products & services.

To become more familiar with <u>Squidoo</u> read their site intro and help guides first. People are making a living off Squidoo so it is worthwhile spending some time understanding how it works.

#### 7. E-Mail Marketing

E-mail marketing is an underestimated method of promotion. For example, there is a massive market for web hosting, more and more people set-up websites each week. I have used over 20 different companies but Lunar Pages was the best (this is a personal testament) so I have no problem recommending it to others.

Send an e-mail out recommending the best products from the programs above to people on an MSN list, e-mail address book, or other friend network and this could result in more leads. E-mail a friend who often uses international dialing about <u>Nobel</u>. It will help them save on costs and give lifetime commissions.

Note: It is illegal to send out spam mail, but e-mailing personal info about a product to a friend is acceptable.

#### 8. Offline Promotion Strategies

Offline promotion is another effective method to acquire a large number of leads. Put a poster up on bulletin boards or hand out basic leaflets to local residents and it can have great results.

You can even do up a basic information sheet about hosting or international dialing offers and give someone \$20 to deliver it to 1000 houses around the area. Just make sure it does not get delivered to houses with a No Junk Mail sticker, but otherwise most people will find the info useful.

You can get a lot of leads using this method... use a free site such as <u>Meta Mark</u> to convert long referral URLs to super-short jump-links if needed:

http://referralsite.com/serv/affiliate.asp?id=84923

becomes:

http://xrl.us/78dh

#### 9. Forum Promotion

Posting at forums and adding a signature with an affiliate link is an effective and indirect method of promotion that generates a lot of leads. The main aim is to participate in related forums and rather than promoting the links through direct posts to add an interesting signature is more effective. The more interesting a post is the more people will click on the signature.

#### **10.** Paid leads

Some people started reading this book assuming it would be a simple process to create a passive income. The fact is that it either requires 20-30 hours or more of upfront work before a lifetime commission high enough is established. Or otherwise it requires a cash investment – it is either a <u>time</u> investment **or** a <u>cash</u> investment.

1. **MONEY** Does Not Grow on Trees, BUT also 2. The average household spends \$10k+ per month on products and services that are not that great!

Therefore the process of directing their spending to better products & services is <u>not that hard</u>. Getting paid 10% upward commissions for each lead therefore makes a passive income REALLY REASONABLE to achieve.

Earlier in the book I mentioned that paid advertising that costs \$10 per lead to provide leads worth \$100 would require zerowork and provide instant passive revenue.

The problem is that most advertising agencies charge \$1+ per ad click which means for a \$10 lead 1:10 people that click the ad would also have to purchase the product.

However a few months back I found <u>PERRY MARSHALL</u>, an adwords instructor who writes on how to advertise for as low as 1 cent per click.

This means that for \$5 it would be possible to purchase 500 clicks to a particular advertisement. Consider his strategies first prior to just jumping into an ad-campaign with an over-priced per-click cost if considering paid options to find leads.

You can also request popular bloggers to write a review of one of the above products for as little as \$5 at <u>Sponsored Reviews</u>. Some of those bloggers are getting 10s of 1000s of unique readers per post, making this a more popular promotion option when starting a new blog is too much time and trouble.

# **4 10 specific revenue-generators**

This chapter provides direct strategies for obtaining free leads for the high-earning programs described in Chapter 2. Most of them build on Chapter 3... providing unique strategies for each program.

Remember that blog owners can just add the banners for each product to their blog to promote them instead.

#### 1. <u>Forex</u>

Go to Google and search for "Forex forum" "Stocks forum" and other queries to find Stock trading <u>forums</u>. Sign up and add the affiliate text link provided to the signature area.

You can just post in the General Discussion area or introduce yourself as someone who is new to stock trading and just chat with people on there. Each Post You Make will be stored on the web forever and will receive hundreds of views each month.

Spend 2-3 hours each evening posting at these various forums and people will be clicking on the signature link more & more. You can make \$1k a DAY from this alone after a few weeks.

I don't recommend writing posts that encourage people to click the affiliate link. Just add it to the signature and then pretend it does not exist... have fun chatting with people on there about whatever  $\rightarrow$  Log-in to the <u>Forex</u> affiliate panel in a couple of weeks and see cash earnings go through the roof.

#### 2. Site Build It!

I cannot offer much more information than what is given in the Site Build It! in the affiliate control panel because it is most powerful in itself as a promotion tool. Log-in and create a new affiliate link to see the dozens of options for targeting. Choose a targeting option and use methods in Chapter 3 to promote it.

#### 3. Implix

Implix is not difficult to promote because of the unique product range. Creating <u>articles and blog posts</u> about the needs these

products fill is a good method of promotion. For example create an article about the benefits of their newsletter software.

# 4. MoreNiche

MoreNiche provides a diverse range of products that require specific targeting.

Go to the control panel and click on 'get links and resources' to browse their products and also go to the Forum to ask for direct help in promoting them. Their STEP BY STEP guide also offers some guidelines to find leads online.

# 5. <u>Lunar Pages</u>

The fastest method to attain Lunar Pages leads is to create <u>blog posts or articles</u> about web hosting or post on webmaster <u>forums</u> with the Lunar Pages signature link.

# 6. Market Health

- Blog posts or articles related to each health product
- Forum posts with signature at health forums

# 7. <u>Residual Sites</u>

- Blog posts or articles about how to start a new website
- Forum posts with signature at webmaster forums

# 8. Nobel Dialing

The most effective method of promoting Nobel is to send out an <u>e-mail</u> to friends or to do local promotion using <u>posters</u> and leaflets. You can also locate long-distance relationship <u>forums</u> or international business forums and participate at them with a signature affiliate link with text such as "Nobel – International telephone rates from 1c per minute and pinless dialing".

Nobel is one of the easiest programs to promote because of their competitive service and free-trial period. Targeting groups on forums or other sites that make international calls results in a lot of leads.

# 9. Marketing Tips

- Blog posts or articles about how to market a website
- Forum posts with signature at webmaster forums

# 10. Treasure Trooper

Treasure Trooper can be promoted using all of the methods in Chapter 3. The site is free to join and offers people cash for completion surveys and taking up offers so the market for it is quite wide.

#### **5** The rich concept

The concept of a passive income can be reinforced because once a single blog or forum post is made it remains online forever and is read again and again over and over with no ending period.

Sometimes 1000 forum posts or 100 blog posts are required to start getting just 2-3 leads, but those 2-3 leads will be per month. This is **not** an active marketing task. Do the promotion tasks once and the effect will last forever. For example, <u>Site</u> <u>Build It!</u> offers <u>at least</u> \$75 per month per lead. So 2-3 leads after 12 months would accumulate to <u>at least</u> \$1,800-\$2,700 per month. That is just for 2-3 leads. In 24 additional months that would become \$5,000-\$10,000+ per month.

#### **Business Promotion**

Most of the products in this book are popular business tools. Consider web hosting... newsletter managers... ad managers... site builders and so forth. Targeting promotion at businesses is a great idea because their expenditure allowance is higher than most individuals.

# **Information and Entertainment**

People go online to search for information. The problem is that most of that information is not monetized well. There is too much advertising all over the place and not enough relevant products and services.

Creating informative articles is therefore an excellent method to get leads for the high-demand products offered through the above programs. Creating entertaining YouTube clips is another good idea for advertising them.

I selected the above 10 programs because their business has been solid for almost a decade or longer and each of them get thousands of top-testimonials from customers. However a lot of people still do not know about them.

To fill this requirement in one simple process:

- Use the 10 leading companies to sign up for free and get affiliate links for their best products
- Use the 10 free most powerful web promotion tools and deliver details on those products to target audiences

Use this **2-step process** to generate a passive income without spending a cent in investments.

# Still NOT Making \$1000+ per day?

You did not follow the steps in the correct order if these kinds of earnings are not coming through. Remember I talked about the <u>Lunar Pages</u> affiliate who makes \$2000 each morning (during his sleep)?

That is just 1 program. I offered **10**. Then I offered more than 10 power promotion tools. Choose 1, choose 10, it doesn't matter. Just put in the actual up-front work into it.

Don't be afraid of making a <u>YouTube</u> clip or a <u>Hub</u>. Just a few leads are enough for high revenue. But keep sitting there and doing nothing and nothing will happen!

The promotion methods taught here do work if done right. Put in some real effort into each one and make millions.

# The \$1000 Challenge

Take the \$1000 Challenge at Facebook. You are challenged to make Your First \$1000 online.

# Methods to participate (choose 1 or more)

Select products from one of the programs in Chapter 1 and:

- Start a blog on a favorite subject and place ad banners
- Do blog reviews on them
- Start a <u>Squidoo</u> lens or a <u>Hub</u> on a topic & promote it
- Make the most innovative <u>YouTube</u> clip

Post Your Revenue details at the group and share proof of real earnings with others at the group to meet the challenge and make it over the \$1000 line for the first time.

#### Make cash promoting this book

Rather than reading and following this book there is another method to make cash using this free book.

Just copy and paste the following code into your blog sidebar or forum signature. Replace the highlighted value with Your <u>Click</u> <u>Bank</u> nickname and make up to \$50.00 **per month** from each person that clicks on the sponsored ads on Rich-Free.info

```
<a href="http://rich-
free.info/index.php?aff=YourCBname"
target="_blank">Rich-Free.info - The Reason I Make
$1,000 a Day and You Don't</a>
```

Each time someone clicks on that link, instead of me making revenue from the ads on the site YOU MAKE 100% of it. Do not be concerned about grabbing all of the revenue I make from ads because most people don't take advantage of this code so I still make a fair bit!

## **But wait? Explaining the reason**

The **reason** people are making \$30 000 each month from this book is <u>persistence</u>.

I have stumbled upon <u>Squidoo</u> lenses that make thousands a week promoting hard cover-books – most of which offer 20-50c per lead...

Here I have offered programs that offer up to \$1000 per lead and using the same promotion methods will make much more than that. Most of these programs in this book offer leading solutions to help people succeed in e-business: an area that is in Super-high Demand.

Promoting them and earning big is simple as pie for a person who is willing to persist and put in some hard work for a month to reap the lifetime revenue after.

Sometimes **just 1** good lead is enough.

#### **Increasing Revenue Methods**
